Spitalnick & Associates is a Metro Atlanta-based private practice offering evidence-based, CBT-driven psychological services. Our services include comprehensive psychoeducational and psychological evaluations, psychotherapy, exposure therapy, technology-augmented interventions, as well consulting and psychoeducational services to the Metro Atlanta community. We specialize in evaluating and treating OCD, anxiety disorders and body-focused repetitive behaviors (BFRBs), as well as mood disorders, ADHD and related disorders. Our team of licensed psychologists sees clients of all ages and stages of life.

We are seeking a Ph.D. or Psy.D. postdoctoral fellow or early career psychologist with experience in CBT interventions for OCD, anxiety, mood disorders, and ADHD. This is an ideal setting for leisurely walking and exercise just outside the office, as well as easy to access locations for the many exposures we do each week. The Postdoctoral fellow will be considered for a Clinical Associate position upon successful completion of Georgia licensure.

Start Date: Flexible. Applications will be reviewed on a rolling basis, with best consideration to applications received by February 15, 2017.

To apply, interested candidates should send letter of interest, CV, and two letters of recommendation to Dr. [Josh Spitalnick, Ph.D., ABPP](#) by email (admin@spitalnick-associates.com).
