

Child and Adolescent Clinical Psychologist

The Department of Psychiatry and Behavioral Sciences at Montefiore Medical Center is recruiting for a Clinical Child and Adolescent Psychologist position for the Anxiety and Mood Program at our child outpatient clinic. This exciting and newly forming Anxiety and Mood Program offers evidenced based interventions for children and adolescents from our Bronx community with primary and comorbid anxiety, mood, and related disorders, and includes our comprehensive Adolescent DBT program.

Responsibilities include direct clinical service and supervision of psychology trainees, as well as opportunities for teaching and program development. We are seeking a New York State licensed psychologist (PhD or PsyD), with training and expertise in CBT and DBT in child and adolescent populations. We are a fun and energetic team committed to serving underserved, multi-problem children and families.

The current position is part-time, but may be developed into full-time. It comes with excellent benefits and generous compensation, with a faculty appointment at Albert Einstein College of Medicine. Interested individuals should direct inquiries and send their initial letters of interest and CV to:

Sandra Pimentel, PhD
Chief, Child and Adolescent Psychology
