

# Center on Alcoholism, Substance Abuse, and Addictions (CASAA) - University of New Mexico

Dear Colleagues:

I am pleased to announce that we will have one opening for our post-doctoral training program in alcohol research at the University of New Mexico's Center on Alcoholism, Substance Abuse, and Addictions:

The Center on Alcoholism, Substance Abuse, and Addictions (CASAA) at the University of New Mexico anticipates one opening for a post-doctoral fellow on our pre- and postdoctoral NIAAA Institutional Research Training grant. The goal of the grant is to prepare future NIH scientists to conduct research to (1) elucidate the processes of change in drinking behavior, (2) develop and test effective methods to effect change through self-change, treatment and indicated prevention, and (3) develop and test models to disseminate knowledge of effective interventions to diverse populations. Post-doctoral fellows may come from any discipline relevant to the goals of the training program. Applications will be reviewed on a rolling basis, with best consideration to applications received by January 15, 2017. Additional information and application instructions can be found at: <http://casaa.unm.edu/download/2017PostDoc.pdf>

Please be in touch with any questions you might have.

Barbara
