

Post Doc Fellowship positions at Montclair State University

Position Title

Postdoctoral Fellowship (2 positions)

University

Montclair State University

Department

Counseling and Psychological Services (CAPS)

Salary Range

\$40,000

Position Description

Designed for a professional interested in working in a University Counseling Center, this 12 month position combines clinical work, supervision, and outreach. The professional will deliver a full range of clinical services to a college student population including assessment, consultation, individual and group treatment. There will also be opportunities to provide supervision to graduate student trainees as well as provide outreach and emergency services to the University community. Time during the summer months will be provided for licensing exam preparation. Fellows will be involved in weekly clinical seminars and will participate in both individual and group supervision with licensed psychologists.

Minimum Qualifications

Successful candidates will have completed all professional doctoral degree requirements (dissertation and internship) in clinical, counseling, or school psychology from an accredited program prior to the fellowship start date. Additionally, professional experience and competence working with multicultural diversity is required.

Desired Qualifications

Preferred qualifications and experience include a minimum of one year of University Counseling Center experience, APA approved program and pre-doctoral internship, short-term psychotherapy experience, and passion for outreach.

University Description

Montclair State University is the second largest university in New Jersey, offering the advantages of size combined with a small college's attention to students, and suburban location with close proximity to New York City. The University enrolls about 16, 000 undergraduate and 4, 000 graduate students.

Region Description

Montclair, New Jersey is a beautiful, diverse suburb, approximately 12 miles from New York City with direct train access.

Required Application Materials

Cover letter indicating your interest, how the fellowship relates to your professional goals, status of your dissertation and expected date of graduation.

Current Vitae

Transcripts of graduate work

Three letters of recommendation representing both academic work and internship

Letter of readiness from your academic program

Application Deadline

January 16, 2017

Starting Date

September 5, 2017
